Increasing the Maximum Issue Amount on our Children's Term Rider

Effective May 6, 2019, we are increasing the maximum issue amount on our Children's Term Rider to 25 units — totaling in \$25,000 of coverage.

Our Children's Term Rider provides death benefit protection for all natural or adopted children and stepchildren with ages ranging from as young as 15 days old through 18 years old — rather than purchasing individual policies for each child. The rider also covers future children as young as 15 days old or as of the adoption date through age 17.

For more information regarding our Children's Term Rider, please contact your Protective Life representative.

Let's deliver on our promises. Together.
